Pricing Information – Residential Conveyancing

Expertise

Our conveyancing teams are made up of Solicitors and Licensed Conveyancers (with at least two years' experience in this area); fee earners training to become a Solicitor or Licensed Conveyancer under close supervision by a qualified fee earner with at least five years' experience; and high-quality support staff. The teams are supervised by a partner with over 10 years' experience working in residential conveyancing.

The team member(s) who will be on hand to assist you will depend on your conveyancing needs, including your location. See [Our People](#) for individual biographies.

Likely Costs

To provide you with a guide of the likely costs if you instruct us to assist in the purchase, sale or remortgage of your home, the standard fees listed below cover the work required to complete a standard conveyancing transaction. The fees listed constitute an estimate for standard conveyancing work but do not form part of a binding quote.

Following a discussion of your individual circumstances and receipt of your instructions, we will provide you with a written estimate to carry out the work which may differ from the below pricing.

Typical Conveyancing Process

Please visit our residential conveyancing page for an idea of the typical stages and average timescales involved in a standard property sale, remortgage, or purchase transaction: <https://lightfoots.co.uk/residential-conveyancing/>

Disbursements*

* Disbursements

Disbursements are costs related to your matter that are payable to third parties, such as Land Registry fees. We handle the payment of the disbursements on your behalf to ensure a smoother process.

For the purchase of leasehold properties, there are certain disbursements which will be set out in the individual lease relating to the property. We will update you on the specific fees upon receipt and review of the lease and other relevant documents from the seller's solicitors.

**Land Registry Registration Fee (Purchases / Remortgages)

The fee payable depends on the method of registration and the transaction value. You can calculate the amount you will need to pay by looking up "Scale 1 Fees" for Purchase and "Scale 2 Fees" for Remortgages on the Land Registry's website.

***Stamp Duty Land Tax (Purchases / Remortgages involving Transfer of Equity)

The fee payable depends on the purchase price of your property. You can calculate the amount you will need to pay by using HMRC's website or if the property is located in Wales by using the Welsh Revenue Authority's website.

****ID Verification Fee

The fee payable for ID verification depends on the method of ID verification and includes the application/service provider's cost. Such verification is necessary to satisfy our ongoing anti-money laundering, professional conduct obligations and HMLR requirements (where applicable). For returning clients, we are obliged to refresh the ID verification process in certain circumstances, including if we last verified your ID over a year ago, so you will be charged accordingly.

What is not included?

These standard fees do not take into account work that may arise during the course of a matter which requires the resolution of unexpected difficulties: practical (e.g. delay in receiving documents), legal (e.g. lack of planning permission, unregistered land, a declaration of trust is required to define ownership), or title defects. Such unforeseen work or additional expenses will result in our estimates being exceeded, in which case you will be notified in advance.

These standard fees do not apply to some exclusive arrangements which we have agreed with certain introducers and developers.

We offer numerous services relating to property loans, sales, and purchases, including second charge registrations, bridging loans, commercial landlord and tenant, and Buy To Let properties. Such services are not considered residential conveyancing and so are out of scope of this pricing document.
